### Baptist Beliefs

By  
President  
E. Y. Mullins

In this little book the President of the Southern Baptist Theological Seminary has given a most acceptable concise statement and interpretation of Baptist principles for the general reader. All the main topics of a systematic theology are discussed, though only a part of a page is given to some subjects and not more than six pages to any. Those who know Dr. Mullins' "The Axioms of Religion" and "Why is Christianity True?" will not need to be

told how well equipped he is for just this kind of terse summarizing.

The author is noted for his power of compact and crystal-like statement of denominational views and practices. He has prepared a manual for popular use and the ordinary church member will find statements which are readily grasped and illuminate the subjects presented which include the whole range of articles of faith and further paragraphs on liberty of conscience, missions, education and social service, and to which are appended the New Hampshire confession of faith and two sample covenants. This is an excellent book of reference for church members.
